

## **Darry Stuart Joins Decisiv Board of Advisors**

*Fleet management expert will work to improve fleet experience with the increasingly popular Decisiv Service Management Platform*

**Glen Allen, Virginia – March 19, 2009**– Decisiv, Inc., the provider of an advanced web-based technology designed to enable more informed and timely decisions critical to maintaining commercial vehicles, today announced that Darry Stuart, founder and principal of DWS Fleet Management Services, an independent “Limited Time Executive” transportation and fleet management business, has joined its Board of Advisors.

“Darry Stuart has over 40 years of fleet management experience and a proven track record of success,” said Dick Hyatt, president of Decisiv. “His guidance will be very valuable to us and to the growing number of fleets that are using the Decisiv Service Management Platform. We look forward to working with him.”

Created nearly eight years ago, the Decisiv Service Management Platform streamlines the service initiation, review and approval process by providing a communications bridge between service locations and their fleet customers. The platform is currently in use by about one third of the OE dealer and distributor community as well as an increasing number of fleets who are benefitting from increased asset utilization, reduced downtime and improved repair quality.

“Decisiv is enabling a highly effective dialogue between fleets and their service providers,” Darry Stuart stated. “Clear and concise communication of accurate information is very important to both parties. By helping Decisiv and its fleet customers better understand the value of the platform, I will be able to help the company realize its objectives, and help the industry improve the service process.”

### **About DWS**

DWS Fleet Management Services, based in Wrentham, Massachusetts, was founded in 1999 to provide fleets with experienced leadership capabilities on a limited time basis. A former ASE-certified master technician, Darry Stuart’s extensive fleet management experience includes roles at numerous private, for-hire and leasing operations. Stuart also served as CEO of Fleet Truck Parts in Jacksonville, Florida, a company he founded. His resume also includes 30 years as an active member of the Technology & Maintenance Council (TMC) of American Trucking Associations where he has served on the Board of Directors, as General Chairman, organized the group’s highly popular Shop Talk and

Fleet Talk forums and founded its Excellence in Maintenance Supervision Award Committee. For more information, visit [www.darrystuart.com](http://www.darrystuart.com).

**About Decisiv, Inc.**

The Decisiv Service Management Platform is revolutionizing the way North American Medium- and Heavy-Duty Trucks are serviced and maintained, and benefiting Transportation Fleets, Dealer and Service Locations and OE Truck and Component Manufacturers. Founded in 2001 and based in Glen Allen, VA, Decisiv designed its platform to dramatically increase the efficiency of the service initiation and fulfillment process. Decisiv pulls together historically separate silos of information through its use of advanced technology and unparalleled access to critical service information from source providers. The platform provides improved vehicle uptime, lower operating costs, and enhanced business processes and customer satisfaction.
